

VIMINACIUM, LEPENSKI VIR Friday 11th of May 2018

07:30-08:00 Departure from hotel/ depending on hotel you are staying in

08:00-09:00 Belgrade to Smederevo

09:00-10:00 Smederevo Fortress tour

<http://virtuelnimuzejdunava.rs/serbia/cultural-heritage/fortresses/smederevo-fortress.485.html>

Smederevo Fortress is situated on a wide plateau at the confluence of the rivers Jezava and Danube. It was built with the intention of making it the country's capital and the permanent residence of Despot Đurađ Branković, to replace Belgrade which, after the death of Despot Stefan in 1427 had been returned to the Hungarians. Great effort was invested in its construction and it represents the last great achievement of Serbian military architecture.

10:00-11:00 Smederevo to Viminacium **11:00-12:00**
Viminacium tour

<http://viminacium.org.rs/en/>

Viminacium, today Kostolac near Požarevac, where the Mlava flows into the Danube, we find one of the most important Roman towns and military encampments from the period from the 1st to the 6th century.

12:00-13:00 Lunch in Viminacium

13:00-15:00 Viminacium to Golubac for photo stop, due to safety of visitors

Golubac Fortress is situated in one of the most beautiful parts of the Balkans where the Danube is the widest and nature is the greenest. It is believed to have been built in the early 13th century as a border stronghold of strategic importance. It consists of irregularly shaped narrow walls that connect nine massive towers.

15:30-16:15 Golubac-Lepenski Vir **16:30-17:00**
Lepenski Vir tour

<http://en.narodnimuzej.rs/>

The archaeological site of Lepenski Vir is located in the Đerdap Gorge, on the banks of the Danube. It was the centre of one of the most important prehistoric cultures. At the Lepenski Vir site, the remains of religious architecture dating from 6500 to 5500 BC have been found.
